A Website for you?

**We're hoping you're ready to try something new
That's helpful and quite entertaining for you.
Please don't sigh and moan, when we mention this task
Just tell us what you think - that's all we ask!**

**Now, we're told, we have more time
(Sometimes I can't think what I do with mine!)
Ever wished to track down someone you once knew?
Or looked at old photos wondering just who was who?**

**Would you like to go out - without spending a lot?
Have you heard of a bargain that others have got?
A "special" or discount at an eatery is always attractive,
But we'd like some suggestions, even something more active!**

**Perhaps canvass interest, when an idea you've had
Or to meet up with others would make someone glad.
You may have a hobby or interest to share.
An advert for your holiday home could be there,**

**Do you have a skill, which you'd like to proffer?
There might be someone to take up your offer.
Could you do gardening, or offer advice
On taxes, or finance – that might be quite nice!**

**Are you an avid computer buff?
We could do with your help when the going gets rough.
Give advice on our problems, when computers won't do
All the amazing tasks we think we'd like them to!**

**Don't sit there and think "but I'm not yet old!"
We've something for everyone – just be bold!
Come along to an outing, it's usually fun,
And we like to try things to suit everyone.**

**We're starting this web-site with you in mind,
And we hope that interest won't lag behind,
We know, we complain when others are late
So we'll do our level best to keep it all up to date.**
